February 2020

**This month on February 23rd, we celebrate Rev. Jay Smith, Jr.
Founder of the H.O.M.E. Center**

What is the best part about turning 90?

Jay: I have made it to 90? Since I was 19, I was told by psychics I would only live until 83. I passed that mark, looking to 100.

What is the most important thing you've learned in your lifetime?

Jay: "Like Attracts Like" what ever you put your energy into, that is what you will experience eventuality in your life. Be careful with your energy thoughts.

What is on your bucket list that you haven't done yet?

Jay: Build a special chapel on this property.

What are you most proud of?

Jay: Helping people become free to be all they can be and enjoy watching them enjoying their freedom.

Please mark your calendars for February 23rd. A celebration party is being planned and more information will be coming out soon. Watch your email for details or contact Madge Peinkofer at 503 551-0311

Shay Garrison is an energetic healer and gifted clairvoyant. Through Spirit she works with the different frequencies of color, light, love, and sound. Her healing sessions are filled with high frequencies of divine colored light, love, and light language code activations. Her spirit guides give her visions and intuitive messages for whatever is needed in the healing sessions.

Selene Zeisler shares her sacred voice of sound, love, and light. Through her sacred song she calls in high frequency light codes from a multi-dimensional space to heal and activate the body. This allows you to remember who you really are and creates an inner sanctum of peace.
